

CENTER FOR VETERINARY HEALTH SCIENCES **Friday Bit for Alumni and Friends**

WHAT DO YOU DO? »

Socially this question is often asked as an intro to conversations that seek to determine strengths, flaws and vulnerabilities. "What do you do for a living?" seeks to rank your identity to a job rather than your character. At **CVHS** we embrace team culture in the arena of public service. In serving the alumni of **CVHS** there's one thing I've determined that defines us fully. We serve with our whole, authentic selves. We don't check our personal lives at the door because our passions and strengths are what lead us to what we do.

We're fully engaged.

- **We use scientific knowledge**
- **Our skills benefit society**
- **We protect animal health and welfare**
- **Prevent animal suffering**
- **Conserve animal resources**
- **Promote public health**
- **Advance medical knowledge**
- **Are dignified and ethical**
- **Vow continual improvement of professional competence**

Allow me to affirm the finest alumni anywhere. **OSU CVHS veterinarians.**
