### SPACE COWBOYS »

*"Some people call us the space cowboys, some call us the gangsters of love..."* (Remember that one, '69?)

Prepare to blast off to the **Corral Crawl 2019**. **Class years ending in 4 & 9** celebrate renewed connections. Need a class contact list to get your cadets on board? Talking to you, Class Representatives! I can help with that.

### PALPATION »

**(Not to be confused with palpitations though we may experience some if no funding arrives!)**

The **Production Animal Medicine Society/Theriogenology Club** and **Bovine Palpation Team** plan to attend a March competition featuring six students at the **SAVMA Symposium hosted by the University of Georgia, March 9-11**. It's a two-day contest; the first day covers theory via written exam taken by all students. The second day features palpation of structures and applied theory. Palp team students (years 1-3) are prepping for the contest with the help of CVHS clinicians, faculty, professors and alumni. Students are continuing self-study sessions, hands on wet labs, palpating at local sale barns, and theory-based meetings throughout the spring.

**Sponsors are needed to facilitate travel for the team.**

If interested in sponsoring the Palpation Team through a monetary contribution, please make your check payable to OSU Foundation and send it to Sharon at 308 McElroy Hall, Stillwater, OK 74078 (noted for **Palp Team**). Credit cards are welcome 405-744-5630.
