WHERE THE LOVE IS »

Alumni are volunteers, partners, ambassadors, advocates, donors and so much more.

You are life-long learners and mentors, and, you are everywhere in service to the veterinary profession. Your knowledge and passion embodies your commitment to serve well.

You are our legacy.

A legacy is where life stories live on. The experiencing of thoughts, emotions and attitudes of others.

So, how do we deliver strong alumni values?

The healthiest communities are those that have active, authentic conversations and interactions to determine how best to serve the collective need. The delivery of a successful alumni program begins and ends with empathy. The experience of understanding one another; sharing, grieving and celebrating **together**. It's about being present and relevant, knowing that by doing so, we serve in concert.

That's empathy.

Human respect is our platform, and together, we have branded a thriving alumni community for CVHS.
