

CENTER FOR VETERINARY HEALTH SCIENCES Friday Bit for Alumni and Friends

LOVE HURTS »

Wait. That's a pizza in the Plaza District. National pizza day was fun but let's begin again...

RECREATIONAL PURPOSES »

For refreshment of strength and spirit, strategic planning has engaged the entire CVHS community. Responding to cognitive demand, we are all fast at work to determine critical gaps and barriers to administration, teaching and research at the center.

"What will it take for the center to become the premier DVM program in the United States?"

We're on it.

Nearing the implementation phase of identified Mission and Vision statements, you could say our work is abundantly and aggressively set on a course.

Mission: Innovation in Animal & Human Health

Vision: Innovative World Leaders in Healthcare, Research & Professional Education

Arduous work or love in action? After all, that's why we're here - because all caring is love.

WHAT HAPPENS IN VEGAS »

FRIDAY you're seeming dreamy, if not mythical to those whose hearts don't rest. Although legend says, when you can't sleep it's because you are awake in someone else's dream.
