

FRIDAY BIT - 21 February

» CVM Career Services »

Help! We Need Somebody

But not just anybody.

One of the most exciting new CVM alumni programs is career placement services for alumni and students! CVM offers ongoing networking with professionals in the field as we work to develop career resource libraries.

We make it easy for you to meet and interview our grads through stimulating discussion opportunities. Employers can secure one-on-one interviews to determine career trajectories and access resumés and veterinary discipline interests as well as demographic areas of job interest.

Our students will make a tremendous impact in your practice, not only through professional expertise but on society as a whole because at the CVM we are committed to providing distinct resources that point both employer and new graduates in the right directions.

Thank you for your interest in posting a position or recruiting through alumni affairs services. Our goal is to help you accomplish your recruiting needs.

The CVM hosts **Career Day November 7**, the Saturday immediately following **Fall Conference**. Later this year, registration will be announced for attending Career Day. Meanwhile, you may access the following services for immediate advertisement.

- [Post a position and/or preceptorship](#)
- [Post/Find a DVM Position](#)

Oh Baby!

Orange booties unite. Dr. Pete and the CVM community welcomes each new legacy (sons, daughters, grands) of veterinary alumni with a wee orange gift and opportunities for your legacy. Contact [Alumni Affairs](#) when there's a cause to celebrate a tiny new **Poke/Pokette**. Pistols Firing!

Treats for Humans!

The **CVM Alumni Society** celebrates the accomplishments of the **class of 2020** by offering a **complimentary food truck** meal selection at McElroy Hall following state exams on April 20, 4:00 p.m. **PurdyQ and Don't Know, Don't Care** will be on hand for FREE grub. **Alumni and all 4th year students are invited to attend.**

Sponsors are welcome for the event. Contact Alumni Affairs at 405-744-5630 or sworrel@okstate.edu to participate.

Check your comms,

FRIDAY!
