MENTAL WELLNESS »

Let's talk.

Mental well-being is as important as physical well-being. CVHS promotes mental wellness and we educate to prevent illness, encourage appropriate care and facilitate immediate and strongly confidential communication and counsel. Today's research reveals that many mental challenges are unfairly judged and misunderstood, making life difficult for those who suffer in silence.

The **OSU OVMA Summer Seminar held June 16-17, 2017** will feature our own champion of mental wellness, Dr. John Otto ('90). His presentation, "**Healing the Healer**" addresses mental health and wellness in the veterinary profession on June 16. Many other presentations comprise the seminar from companion animal, equine, food animal and general information sessions. Take advantage of this wealth of information offered at McElroy Hall on the CVHS campus. Watch our [website](#) for complete event schedules, registration and speaker profiles coming soon.
