Vet Med Faces of Research: Dr. Lara Sypniewski

In this month's segment of Vet Med Faces of Research, Dr. Lara Sypniewski shares her research on pet food and how it impacts animal health. Sypniewski is the Henthorne Clinical Professor of Small Animal Medicine in the Department of Veterinary Clinical Sciences.

Read the full story and watch a short video at Vet Med Faces of Research: Dr. Lara Sypniewski.

Rancher's Lunchtime Series

The Rancher's Thursday Lunchtime Series is back. Join OSU's Beef Cattle Extension Team, experienced ranchers and scientists to learn and share beef cattle production, management and marketing tips.

Thursday, Oct. 14, at 12 p.m. Earl Ward will present "Efficient Use of Range Cubes: Protein Source and Feeding Management" and Tim DelCurto will present "Blocks, Tubs, Liquids."

Register to receive the Zoom link at Rancher's Lunchtime Series.

Studer Represents Vet Med in Leadership Academy

Dr. Jeff Studer was recently selected to represent the veterinary college in the American Association of Veterinary Medical Colleges Leadership Academy, which requires a six-month commitment. Studer is a board certified ophthalmologist and the director of the Veterinary Medical Teaching Hospital.

Read more about the academy and Studer's role at Studer Represents OSU Vet Med in Leadership Academy.

Marvin's Gift TV Premiere

Based on a book by alumnus Dr. John Otto ('90), the film "Marvin's Gift" will premiere on national television on Friday, Oct. 15, at 4 p.m.

The Oklahoma Commission on Children & Youth join OETA for this after-school event especially for children dealing with trauma. "Marvin's Gift" is the tale of a struggling brother and sister who have a magical encounter that changes their outlook and future. See the announcement at Marvin's Gift TV Premiere.
INTERACT Research Symposium Features Nobel Laureate

A first for the College of Veterinary Medicine, INTERACT's Research Symposium will host Nobel Laureate **Dr. Bruce Beutler** at 11 a.m. on Tuesday, Oct. 12. A transformative figure in the field of immunity, Beutler made landmark discoveries concerning the activation of innate immunity in defense against microbial infection. He is widely credited for the development of novel therapeutics and vaccines.

The symposium will be held at the McKnight Center on the OSU Stillwater campus and will be live streamed on OState TV.

You can view the symposium compendium, which includes speakers, the agenda, abstracts and more, at Symposium Compendium.

---

Fall Conference Registration Opens

Fall Conference registration is now open. Earn up to 14 hours of CE for the two-day conference featuring four tracks: companion animal, food animal, equine and general.

When OSU veterinary college faculty, staff and students register, use the OSU CVM registration type.

For more information and to register, visit Fall Conference Registration.

If you have any questions, please contact Christine Nichols at 405-744-7672 or christine.nichols@okstate.edu.
