

IVCE Club Receives Award

Congratulations to our Inclusive Veterinary Community for Empowerment Club (IVCE) on receiving the Most Improved Chapter Award! IVCE is the umbrella organization for two national organizations--Veterinarians as One Inclusive Community for Empowerment (VOICE) and Broad Spectrum Veterinary Student Association (BSVSA).

To find out why our students were selected for this award and the club's plans for the future, read more at [IVCE Receives National Award](#).

OVMA News

Congratulations to **Dr. Charles Freeman** ('73) on being named the 2019 Oklahoma Veterinarian of the Year! Also honored at this year's Oklahoma Veterinary Conference recently sponsored by the OVMA were **Dr. Jesse Carter Arnold** ('09) named Young Practitioner of the Year and **Dr. Jennifer Schoonover** ('00) named Volunteer of the Year. Dr. Schoonover also steps into the role of president-elect for the OVMA.

Thank you to the more than 130 alumni who visited the CVHS exhibit booth during the conference. Congratulations to the following door prize winners: **Drs. Ben Baker** ('64), **Max Combs** ('77), **Lee Denney** ('78), **J. Mike Johnston** ('72), **Margaret King** ('93), **Joel Manley** ('98), **Mike Sealock** ('83) and **Ashley Sewell** ('10).

Publications

Confer AW, Ayalew S (2018). *Mannheimia haemolytica* in bovine respiratory disease: immunogens, potential immunogens, and vaccines. *Animal Health Research Reviews* 19, 79-99. To read the entire publication, visit [immunogens, potential immunogens and vaccines](#).

Capasso M, Di Girolamo N, Silvestre P, Laricchiuta P (2019). Performance of two portable blood glucose meters for measuring blood glucose concentration in tigers (*Panthera tigris*) and lions (*Panthera leo*). *JAVMA* (Feb. 1) Vol. 254, No. 3, 399-408. The full publication can be found at [portable blood glucose meters](#).

House Officer Seminar

Megan Yanos, DVM, will present "Conservation through Theriogenology" on Tuesday, Feb. 5, at 8 a.m. in Room 104 at the Veterinary Medical Hospital. Yanos is a theriogenology resident mentored by **Dr. Julia Baldrighi**.

College-Wide Diversity and Inclusion Event

Phillip Nelson, DVM, PhD, will present "Salt of the Earth" as our first guest speaker on diversity and inclusion on Tuesday, Feb. 5, in the McElroy Hall Auditorium. He will make the presentation at 12 p.m. and again at 4 p.m.

Dr. Nelson is the dean at Western University College of Veterinary Medicine and a well-known and respected speaker on inclusion in the veterinary profession.

House Officer Seminar

Clay Hallman, DVM, will present "Imaging of Portosystemic Shunts" on Thursday, Feb. 7, at 8 a.m. in Room 104 at the Veterinary Medical Hospital.

Hallman is a radiology resident mentored by **Dr. Carrie Kuzma**.

Veterinary Biomedical Sciences Seminar

Pramila Lamichhane will present "A novel strategy for generating live, attenuated Respiratory Syncytial Virus vaccines with improved efficacy/safety balance" on Thursday, Feb. 7, at 3:30 p.m. in Room 259 McElroy Hall.

Lamichhane is a PhD student and graduate research associate in the Department of Veterinary Pathobiology mentored by **Dr. Tom Oomens**.

Milo Updates

Anderson KB, Meinkoth J, Hallman M, Bailey K, Brandao J. Cytological diagnosis of gastric neuroendocrine carcinoma in a pet inland bearded dragon (*Pogona vitticeps*). *Journal of Exotic Pet Medicine* 29 (2019): 188-193.

Robertson J, Brandao J, Blas-Machado U, Cohen E, Mayer J. Spontaneous pancreatic islet cell adenoma with peripheral neuropathy in a pet rat (*Rattus norvegicus*). *Journal of Exotic Pet Medicine* 28 (2019): 166-172.

Waugh L, Rostad S, Bailey KL, Brandao J. Perivaginal vascular hamartoma in two European rabbits (*Oryctolagus cuniculus*). *Journal of Exotic Pet Medicine* 28 (2019): 128-131.

Milo, the adorable puppy with the upside down front paws, is navigating the road to recovery.

Dr. Erik Clary and his team successfully performed surgery to correct Milo's deformity, changed several bandages for the growing pup, and removed the temporary pins used to stabilize Milo's realigned elbows.

Milo has now transitioned to rehabilitative therapy under the care of **Dr. Cara Blake**.

To learn more about Milo and his treatment, please visit [Milo: Making Progress](#) and [Next Steps for Milo](#).
