

CENTER FOR VETERINARY HEALTH SCIENCES

Net Vet Weekly - May 13, 2019

Congratulations Class of 2019

Congratulations to the **Class of 2019!** All 84 members of the class received their DVM degree on May 10.

We know you are going to do great things for the profession and you will make your alma mater proud.

Hats off to **Dr. Mary Beth Davis** on proving that "[anything is possible.](#)"

Dr. Lovern Honored

Congratulations to **Pamela Lovern, PhD**, on receiving the Outstanding Graduate Coordinator Award! In addition to coordinating the CVHS graduate program, Dr. Lovern is an associate professor in the Department of Physiological Sciences. Lovern was recognized recently at the Graduate College/Graduate Professional Student Government Association Awards Ceremony.

CVHS Focused Ultrasound Research Funded

A huge THANK YOU to these organizations for funding focused ultrasound research at the CVHS.

Dr. Ashish Ranjan's team recently received the following grants to

International Conference News

Drs. Kailey Anderson (former OSU zoological medicine intern and currently the National Zoo zoological medicine resident), **Lara Sypniewski** (associate professor and Henthorne Clinical Professor of Small Animal Medicine), **Nicola Di Girolamo** (associate professor of zoological medicine), and **Joao Brandao** (assistant professor of zoological medicine) recently gave a total of 21 presentations at the 5th International Conference on Avian, Herpetological, and Exotic Mammal Medicine held in London, United Kingdom.

Studies included research to improve the health and well-being of exotic and zoo animals such as wallabies, chickens, bearded dragons, rabbits, chinchillas, tortoises, Asian elephants, ferrets, and ball pythons.

House Officer Seminar

Jane Park, DVM, will present "Surgical Treatment of Canine Patellar Luxation: A Comprehensive Approach" on Thursday, May 16, at 8 a.m. in Room 104 at the Veterinary Medical Hospital. Dr. Park is a small animal surgery resident mentored by **Dr. Cara Blake**.

develop innovative focused ultrasound platforms for pet cancer immunotherapy investigations:

- **PETCO Foundation** - \$500,000
- **OSU Program for the Renovation of Critical Research Facilities** - \$193,034
- **Focused Ultrasound Foundation** - \$100,000

Collaborators in the team projects include **Drs. Danielle Dugat, Jerry Malayer**, and **Yue Chen**, who is with the University of Arkansas.
