

Blood Donors Save Bella

As a referral veterinary hospital, the Center for Veterinary Health Sciences has two distinct advantages for its patients. One, there is a clinical pathology lab on site that can quickly cross-match blood samples and two, the Center maintains a herd of horses at its Ranch that can serve as blood donors.

It took 21 days, 32 liters of blood, and a very dedicated veterinary team to save **Bella**. Read and watch more at [Blood Donors Save Bella](#).
