Vet Med Faces of Research: Dr. Lara Maxwell

In this month's segment of Vet Med Faces of Research, Lara Maxwell, DVM, Ph.D., DACVCP, with the Department of Physiological Sciences discusses her research on Monkey B virus and the major psycho active element of cannabis. Read the full story and watch a short video at Vet Med Faces of Research: Dr. Lara Maxwell.

Fighting Johne's Disease

Dr. Rosslyn Biggs talks about the dangers of Johne's Disease in cattle and ways beef producers can keep it out of herds. Read the full story at Fighting Johne's Disease.

Diagnostic Imaging Locums Needed

The Veterinary Teaching Hospital seeks diagnostic imaging locums for in-person service. Flexible dates are available with a minimum one-week commitment preferred. For complete details, please visit Diagnostic Imaging Locums Needed.

INTERACT Corner

This week we hear from Dr. Clinton Jones, Regents Professor and Sitlington Professor Infectious Diseases in the Department of Veterinary Pathobiology. Dr. Jones talks about his role in the institute and how INTERACT helps his research in animal and human diseases. Read more and watch a short video at Dr. Clinton Jones on INTERACT.

House Officer Seminar

Jessica Rutledge, BVetMed, MRCVS, will present "Laminitis" on Thursday, July 15, at 8 a.m. in Room 002C at the Veterinary Teaching Hospital. Dr. Rutledge is an equine internal medicine resident mentored by Dr. Todd Holbrook.

CVM to Host In-Person Fall Veterinary Conference

Get ready to return to campus for an in-person Annual Fall Veterinary Conference on Nov. 6 and 7, 2021! Registration for up to 14 hours of continuing education for the two-day conference is set to open Oct. 1, 2021. Read more at In-Person Fall Veterinary Conference.
Sabah Kadhim, DVM, MS, Ph.D., is a small animal rotating intern. Originally from Baghdad, Iraq, he earned his DVM degree and a master’s in Medical Microbiology and Immunology from the Baghdad University College of Veterinary Medicine and a Ph.D. in Medical Microbiology from the AL-Mustansiriyah University College of Medicine. Dr. Kadhim’s research interests include microRNAs, epigenetic modifications, myeloid derived suppressor cells and helicobacter pylori.

Although he hates flying, in his spare time Sabah enjoys running, walking, cooking and spending time with family.

Favorite Quote: "It's not about making the right choice. It's about making a choice and making it right." - J.R. Rim

Marina Liles, DVM, is a zoological medicine intern. Originally from Lamar, Missouri, she earned her DVM degree from the University of Missouri.

During veterinary school Dr. Liles was an active member of the Raptor Rehabilitation Program where nine of the birds she cared for were either released into the wild or found placement in zoos or avian sanctuaries.

In her spare time, Marina enjoys reading, drawing, swimming, video games and spending time with her cat, Cyrus.

Favorite Quote: "Two roads diverged in a wood, and I took the one less traveled by, and that has made all the difference." - Robert Frost
