

Net Vet Weekly - July 15, 2019

Grandparent University 2019

Thanks to teamwork, 15 children and their grandparents had a fun learning experience during Grandparent University 2019.

Each grandchild received a white coat and stethoscope. Highlights included small animal internal medicine endoscopy, teddy bear surgery, food animal medicine, tick races, dissecting a cow's eye and more. Watch a short video and see who helped make this day extra special at [Grandparent University 2019](#).

Publication

Dr. Robert W. Fulton, Emeritus Regents Professor, Department of Veterinary Pathobiology, wrote for the new issue of Large Animal Internal Medicine, Sixth Edition. 2019. "Bovine Herpesvirus 1: Infectious Bovine Rhinotracheitis, Bovine Herpesvirus Type 1 Vaccines."

Dr. Ranjan's Team Receives Grant

Congratulations to **Dr. Ashish Ranjan** and his team on receiving a 5-year RO1 grant totaling nearly \$1.7 million from the National Cancer Institute (NCI) at the National Institutes of Health!

First Bronchial Stents Placed

Congratulations to **Dr. Shane Lyon** and team on successfully placing bronchial stents in a dog for the first time at OSU!

Dr. Lyon and **Dr. Andrew Hanzlicek** studied the protocols and performed the minimally invasive procedure. For the full story and to hear from the dog's owner, visit [OSU Places Its First Bronchial Stents in a Dog](#).

OSU Wins ACVS Competition

Congratulations to **Drs. Erik Clary** and **Cara Blake** on winning 1st place in the American College of Veterinary Surgeons Video Competition! A collaborative team including **Dr. Clary**, **Derinda Blakeney**, **Wade Pearson** (ITLE) and **Toby Wilson** (ITLE) created a video documenting Milo's case. You may recall that Milo is the puppy born with upside down paws treated at the Veterinary Medical Hospital. Read more and watch the award-winning video at [OSU Surgeons Win Competition](#).

Pizza and Prevention

Faculty and staff are invited to enjoy pizza while attending suicide

The RO1 grant was also selected for the prestigious NCI MERIT Award, which will ensure extended funding to Dr. Ranjan's lab. NCI is using the MERIT Award to give eligible investigators the opportunity to obtain up to seven years of support. The funding comes in two segments with the first being an initial 5-year award and the second being an extension of up to two additional years. Recipients of the extension are based on an expedited NCI review of the team's accomplishments during the initial funding segment.

CVHS collaborators on this proposal include **Drs. Shitao Li, Jerry Ritchey, Danielle Dugat, and Jerry Malayer.**

prevention training on Tuesday, July 16, from 12 p.m. to 1 p.m. in Room 104 at the Veterinary Medical Hospital. Another session will be held on Wednesday, July 24, from 12 p.m. to 1 p.m. in McElroy Hall Auditorium.

RSVP at [QPR Training](#) or call (405) 744-5472. Remember to indicate which session you will attend.

Induction Coats

You can still purchase a veterinary coat for the class of 2023. Each coat costs \$50. Interested parties please contact **Melinda Tharp** in the Dean's office at melinda.tharp@okstate.edu or (405) 744-6595. Coat sponsors may have the option to coat their student at the ceremony on Friday, Aug. 16, at 10 a.m., however, sponsor attendance is not mandatory.
