Net Vet Weekly - August 19, 2019

Cytauzoon Cats CAN Survive!

Dr. Laura Nafe, Delicia Timmons, RVT, and **Elisa Green ('20)** are happy to report that one of their patients recently survived bobcat fever. Read more at [Cytauzoon Cats Can Survive](#).

OSU Hosts Partners in Progress

Drs. Kim Carter, Katrina Meinkoth, and **LeMac Morris ('80)** recently hosted a Partners in Progress seminar for animal shelter personnel.

The program was designed to help our shelter partners learn more about best practices for facility management and animal handling. Read more at [Partners in Progress](#).

Summer Research Training Program

Sixteen veterinary students spent 12 weeks immersed in a variety of research projects.

Treating Equine Arthritis

Join **Dr. Megan Williams** for a free webinar on Wednesday, Aug. 21, at 6 p.m. Dr. Williams, an equine surgeon and lameness specialist, will talk about equine arthritis and how to treat it. Join the webinar at <http://ow.ly/wBLy50voLSq>.

House Officer Seminar

Hugh Duddy, DVM, will present "Clinical Significance of Cervical Osteoarthritis in the Mature Horse" on Thursday, Aug. 22, at 8 a.m. in Room 104 at the Veterinary Medical Hospital. Dr. Duddy is an equine surgery resident mentored by **Dr. Mike Schoonover**.

Fall Conference

Mark your calendar to attend our Annual Fall Veterinary Conference at Wes Watkins Center on Thursday and Friday, Nov. 14 and 15. Check [Fall Conference](#) as registration will open soon.

The program gives first and second year veterinary students an opportunity to conduct a mentored research project. Read more at [Veterinary Students Participate in Summer Research Program](#).

Publications

Blake C, Birch S, Brandao J (2019). "Medical Three-Dimensional Printing in Zoological Medicine." *Veterinary Clinics of North America* 22(3): 331-348.

Di Girolamo N (2019). "Advances in Retrieval and Dissemination of Medical Information." *Veterinary Clinics of North America* 22(3): 539-548.

Eye Medication and Horses

If you have the occasion to give eye medication to a horse or to instruct a client on how to properly do so, **Dr. Cory Anderson** ('19), theriogenology resident, has some helpful tips.

Watch a short video at [Administering Eye Medication to Horses](#).

Getting to Know You

Elizabeth Crabtree, DVM, is a food animal medicine and surgery resident. Originally from Ardmore, Oklahoma, she earned a BS degree in Animal Science and a DVM degree both from Oklahoma State University. Dr. Crabtree's research interests include cardiovascular disease in feedlot cattle and neonates.

In her spare time, Elizabeth enjoys hiking, shooting clay targets and gardening.
