

Advanced Canine Athletic Program

A mix of municipal, state and federal law enforcement agencies as well as personal protection canine trainers and owners, some of whom are veterinarians, recently attended the Advanced Canine Athletic Program hosted by **Dr. Michael Davis**. The training is designed to combat the number one killer of working military and law enforcement canines--lack of adequate conditioning and resistance to heat stress ([full story](#)).

OSU Wins SFT Quiz Bowl

Congratulations to the OSU Quiz Bowl Team for placing first out of nine teams competing at the Society for Theriogenology Conference held recently in Fort Collins, Colo. The team included **Jo Eike**, **Michelle Shaw** and **Nikki Collins** with **Jesse Jenny** as the alternate ([read more](#)).

House Officer Seminar

Jennifer Halleran, DVM, will present "Triage and Diseases of the Neonatal Ruminant" on Thursday, Aug. 24, at 8 a.m. in Room 104 at the Veterinary Medical Hospital. Halleran is a food animal medicine and surgery resident mentored by **Dr. Melanie Boileau**.

Cookies and Cuddles

Come and meet **Nellie** and **Nala** in celebration of National Dog Day, on Friday, Aug. 25. These Pete's Pet Posse members will be available in the soft lounge of McElroy Hall from 12 p.m. to 1 p.m. with cookies and cuddles. Nellie is owned by **Dr. Dianne McFarlane**, Physiological Sciences, and Nala is owned by **Jill Murray**, Animal Resources.

Getting to Know You

Getting to Know You

Molly Landeen, DVM, is a small animal surgery intern. Originally from Woodside Calif., she earned her DVM degree from St. George's University. Her research interests include continuing to evaluate methods and procedures in minimally invasive surgical procedures.

The youngest of five women, Molly enjoys traveling and physical activities both indoors and outdoors, especially soccer, volleyball, golf, racquetball, hiking, mountain biking, surfing and sailing.

Favorite Quote: "If having a soul means being able to feel love and loyalty and gratitude, then animals are better off than a lot of humans." - James Herriot, All Creatures Great and Small.

Getting to Know You

Carrie Kuzma, DVM, is a clinical instructor in radiology in the Department of Veterinary Clinical Sciences. Originally from Rochester, N.Y., she earned her DVM degree from Ross University. Her research interests include cross-sectional imaging, specifically CT, and contrast applications in exotics and large animals.

Carrie's hobbies include dancing/exercising, leisure reading, horseback riding, scuba diving and traveling.

Favorite Quote: "It's possible."

Megan Yanos, DVM, is a theriogenology resident. Originally from North Huntingdon, Pa., she earned her DVM degree from the Atlantic Veterinary College. Her research interests include breeding programs for endangered species and problem mares.

Megan has owned and operated an equine chiropractic/acupuncture side practice for the past two years. She enjoys horseback riding, travel and is a violinist.

Favorite Quote: "Do not go where the path may lead. Go instead where there is no path and leave a trail." - Emerson
