ZEW Club introduces its members to a vast number of disciplines that fall under Zoo, Exotics, and Wildlife Medicine. Additionally, we offer wet labs that provide engaging hands-on experience that you may not otherwise get during your veterinary curriculum.

Disclaimer: due to COVID-19, these trips and labs are TBD for Fall 2021.

**PAST MEETINGS**

- Bee medicine, zoo radiology cases, Robot-Assisted Gorilla surgery, Marine Mammal research, and panels with zoo and exotic veterinarians discussing career paths

**PAST WET LABS**

- Rabbit Wet Lab: physical examination, blood collection, endotracheal intubation, etc.
- Exotics CBC/Hematology: examining blood smears from a variety of species
- Frog collection for chytrid sampling
- Darting Wet Lab

**PAST TRIPS**

- Oklahoma City Zoo volunteering in the fall, Texas A&M Wet Lab in the spring
