

The Pacemaker Posse

Dr. Ryan Baumwart, veterinary cardiologist, created a unique group of canine survivors--The Pacemaker Posse. Here is a short video and story about [The Pacemaker Posse](#) and some of Dr. Baumwart's successes.

Comparative Medicine Research

Researchers at the veterinary center have been collaborating to study a viral neurological disease that affects both animals and humans.

The teams include many talented faculty, staff and students led by **Drs. Richard Eberle, Lara Maxwell** and **Grant Rezabek**. Read about their work with Monkey B virus and Equine Herpesvirus type 1 and watch a short video on [comparative medicine research](#).

Congratulations, Dr. Fulton!

Robert Fulton, DVM, PhD, DACVM, is one of three OSU professors selected for induction into the Oklahoma Higher Education Hall of Fame!

Emeritus Regents Professor and McCasland Foundation Endowed Chair for Food Animal Research in the Department of Veterinary Pathobiology, Fulton will be honored at an induction ceremony and dinner on Oct. 24, 2016 at the National Cowboy and Western Heritage Museum ([full story](#)).

Getting to Know You

Oklahoma Center for Respiratory and Infectious Diseases Seminar

Charles Russell, PhD, will present "Influenza Virus HA Protein: Springing from membrane fusion to human pandemics" on Wednesday, Sept. 7, at 12:15 p.m. in Room 259 McElroy Hall. Russell is an associate faculty member in the Department of Infectious Diseases at St. Jude's Children's Research Hospital.

House Officer Seminar

Camilla Jamieson, DVM, will present "Endocrine Diseases of the Horse" on Thursday, Sept. 8, at 8 a.m. in Room 104 at the Veterinary Medical Hospital. Jamieson is an equine internal medicine resident mentored by **Drs. Dianne McFarlane** and **Todd Holbrook**.

Blood Drive

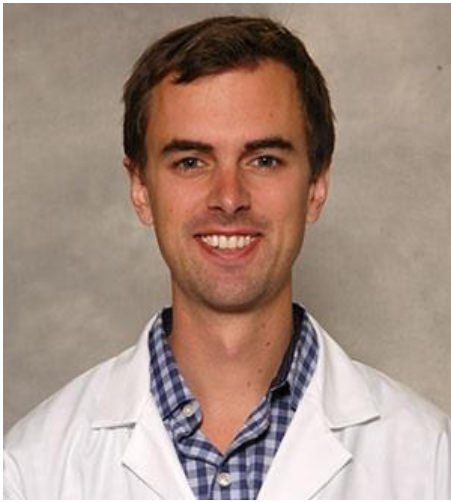

A veterinary center blood drive will be held on Monday, Sept. 12, from 1:30 p.m. to 7:30 p.m. in Room 152 Old Phys Lab in McElroy Hall. All presenting donors will receive a free hair cut coupon from Sport Clips. September is National Preparedness Month. It's the blood on the shelves that saves lives in an emergency. Please donate.

House Officer Seminar

Paige Mackey, DVM, will present "Canine Hyperadrenocorticism: Part Two" on Thursday, Sept. 15, at 8 a.m. in Room 104 at the Veterinary Medical Hospital. Mackey is a small animal internal medicine resident mentored by **Dr. Shane Lyon**.

Veterinary Biomedical Sciences Seminar

P. Jack Hoopes, DVM, PhD, will present "The Future of Radiation-based Cancer Treatment: Altered Fractionation, Nanotechnology and Immunotherapy" on Thursday, Sept. 15, at 4 p.m. in McElroy Hall Auditorium. Hoopes (OSU Vet Med '76) is a professor of surgery and radiation oncology and the director of the Center for Comparative Medicine and the Surgery and Radiation Research

Jeffrey Biskup, DVM, will provide small animal surgery locum services from Sept. 12 through Sept. 18. Originally from Toronto, Canada, he earned his DVM degree from the University of Guelph. His clinical interests focus on intra-articular cranial cruciate ligament repair.

Biskup is currently with the University of Tennessee. Please give him an OSU Cowboy welcome.

Laboratories at the Geisel School of Medicine at Dartmouth. He is also the director of the Imaging and Radiation Resource at the Norris Cotton Cancer Center and an adjunct professor of engineering at Dartmouth's Thayer School of Engineering.

Register for Fall Conference

Register for the Annual Fall Conference for Veterinarians and Veterinary Technicians by Sept. 18 to take advantage of advance registration rates. The conference will be held Oct. 13 and 14 at Wes Watkins Center. Speakers, topics and online registration is available at [Fall Conference](#).

Editor's Note

The next issue of *Net Vet Weekly* will be distributed on Monday, Sept. 19.
